*Team***PoS**® 3600 Series

Powerful and scalable systems for the ideal price/performance fit

Wide range of I/O options provide expansion headroom for future growth

A high-performance POS terminal that will grow with your retail business

POWERFUL PERFORMANCE FOR THE LONG RUN

Fujitsu raises the bar again with the new *TeamPoS 3600* series that provides the ultimate in POS price/performance with features such as:

• Scalability ranging from the Intel® Celeron® 440 processor up to the most powerful Intel® Core™2 Duo processor available

• Tool-free access to system components for ease of serviceability

• Highest peripheral power support

• Asset protection with Intel vPro™ and AMT

• Rugged design for high reliability and long life cycle

From standalone point-of-sale to *mission-critical* applications such as loyalty, merchandising, and *customer relationship management,* the TeamPoS 3600 meets the demanding needs of today's Pervasive Retailing™ environment.

LONG-TERM PERFORMANCE

Offers powerful desktop architecture and a life-cycle managed platform based on the Intel® embedded roadmap for unsurpassed product service life.

SYSTEM SCALABILITY/ FLEXIBILITY

Intel processors range from Celeron® to the most powerful Intel®Core™2 Duo processors. This combined with a wide range of memory options, a variety of I/O board modules, and ample PCI expansion capabilities allow you to upgrade in the future as your requirements become more demanding. Extensive peripheral options provide flexibility for location and footprint of system.

UNSURPASSED PERIPHERAL POWER SUPPORT

More peripheral power than any other leading POS terminal

INTEL VPRO TECHNOLOGY

Intel® vPro™ technology provides enhanced security, remote manageability, and industry–leading performance. Intel® AMT technology (part of Intel® vPro™) allows IT to better discover, heal, and protect their networked computing assets.

SUPERIOR SERVICEABILITY

Components are easy to replace and can be accessed tool-free, for ease of maintenance and increased uptime.

OPEN ARCHITECTURE PLATFORM

Lowers development costs for new and existing systems through compliance with industry standard operating systems, POS/JPOS, PC tools and utilities, and I/O interfaces

ENVIRONMENTAL COMPLIANCE

Meets RoHS and WEEE compliance standards that protect your investment and ensure a long, useful life

TECHNICAL SPECIFICATIONS

FUJITSU

System Architecture	Intel® Desktop Technology, µATX Form Factor	
Processor (Clock Speed, L2 Cache, Front Side Bus)	• **TeamPoS® 3604** with Intel® Celeron® 440 (2.0 GHz, 512 KB, 800 MHz) processor • **TeamPoS 3625** E5300 Intel® Core™ Duo (2.6 GHz, 2 MB, 800 MHz) processor • **TeamPoS 3627** E7400 Intel® Core™2 Duo (2.8 GHz, 3 MB, 1066 MHz) processor • **TeamPoS 3628** E8400 Intel® Core™2Duo (3.0 GHz, 6 MB, 1333 MHz) processor	
Memory	1 GB to 8 GB 800/667 MHz DDR2	
Storage	• Up to 2 –160 GB, 7200 RPM SATA 3.5" hard disk drives • Hot swappable (with dual disks) • RAID: 0 or 1 • CD-RW/DVD	
I/O Ports	**Standard:** • 4 USB • 1 VGA • 1 COM • LAN (10/100/1000 Mb/s)	• Mic in • Audio in • Audio out • PS/2 Keyboard • PS/2 Mouse
Optional I/O Ports	**Option 1, Powered USB I/O** • 1 - 24 VDC Powered USB • 5 - 12 VDC Powered USB **Option 2, Legacy I/O** • 2 - 12 VDC Powered USB • 3 - RS232, Std COM or 5 VDC	**Option 3, Powered USB & Legacy I/O** • 1 - 24 VDC Powered USB • 7 - 12 VDC Powered USB • 3 - RS232, Std COM or 5 VDC
I/O Card Slots	• 1 PCI full height • 2 PCI Express 1X (low profile) • 1 PCI Express 16X (low profile)	
Chassis Color	Fujitsu Black	
BIOS	Award	
Dimensions	340 mm x 490 mm x 135 mm 13.4" (W) x 19.3" (D) x 5.3"(H)	
Power Supply	• 350 Watt DC output • 100-240 VAC (auto ranging) • 50-60 Hz	• 80 Plus compliant (for minimum 80% efficiency) • Fan speed control • Software power on/off
Operating Systems	• Microsoft® Windows® XP Pro • Microsoft® Windows® XPe • Microsoft® Windows Server® 2003 Server • Microsoft® Windows Server® 2007 • Microsoft® Windows® WePOS	• Microsoft® Windows® POSReady • Microsoft® Windows Vista® Business • RedHat Linux® • SUSE Linux®
Other	• Intel® vPro™ • Intel® AMT • Wake On LAN • APM 1.2 support • ACPI compliant	• DMI 2.0 support • SMBIOS support • PXE Boot • TPM version 1.2 support • Wireless support (optional)

ABOUT FUJITSU AMERICA

Fujitsu America, Inc. provides a complete portfolio of business technology services, computing platforms, and industry solutions. Fujitsu platform products are based on scalable, reliable and high-performance server, storage, software, point-of-sale, and mobile technologies. Fujitsu combines its renowned platform offerings with a full suite of onshore, near shore and offshore system integration, outsourcing, and datacenter services covering applications, operations, infrastructure, customer service, and multi-vendor lifecycle services. Fujitsu provides industry-specific solutions for retail, manufacturing, healthcare, government, education, financial services, and telecommunications sectors.
